

SOLSTICE

SPAS

Throughout history and for many cultures around the world, the summer solstice is often synonymous with festivities and celebrations. It is the longest day of the year and it officially marks the arrival of warm weather. In contrast, the winter solstice marks the arrival of cold weather and snow. There is every reason to want to warm up.

SOLSTICE Spas® reflect this cycle. They represent the perfect balance between summer and winter, hot and cold, festivities and solace. They are meant to be used whatever the occasion, for it is only here in Quebec that we live each season to the fullest.

SOLSTICE

SPAS

DESIGNED ENTIRELY IN QUEBEC

A PROUD QUEBEC COMPANY

Designed and manufactured at our factory in Lachute, SOLSTICE Spas® are specially designed to withstand Quebec's harsh weather conditions. You can enjoy your spa 365 days a year with peace of mind.

A WHIRLPOOL OF PLEASURE

SOLSTICE Spas® offer a refreshing approach. Whether for a well-deserved moment of relaxation or a festive gathering of family and friends, discover a vibrant and invigorating aspect of hydrotherapy. SOLSTICE Spas® will completely transform the dynamics of your outdoor living space.

HIGH-PERFORMANCE HYDROTHERAPY

Our engineers ensure that every component is of impeccable quality and contributes to your daily well-being. Equipped with high precision mechanical parts, SOLSTICE Spas® offer a truly unique hydrotherapy experience you won't want to live without.

AFFORDABLE LUXURY

With our line of SOLSTICE Spas®, our goal is to make the pleasures and benefits of hydrotherapy accessible to as many Quebec families as possible. You won't find a better quality/price ratio on the market.

S820

The S820 model will surprise you with its oversized shell and seats that are even more spacious and comfortable. With its impeccable finish, you can rest assured that nothing has been left to chance when developing this model.

The quality of its jets and components will provide you with a distinguished and high-performance experience.

THE CREAM
OF THE CROP

SOLSTICE 

SUPERIOR QUALITY COMPONENTS

JETS

SOLSTICE Spas® are equipped with 5 types of jets that provide a variety of massage options to promote relaxation and help lessen muscle tension. The high-performance jets are strategically positioned to optimize their efficiency, and in so doing, provide an experience of soothing relaxation. The majority of our spas are equipped with the Vulcano jet; a unique technology designed specifically for abdominal massages. The Vulcano jet helps ease tension and aids digestion.

KEY PAD

In addition to its ease of use, the K1000 touchscreen keypad includes multiple options that make it easy to set and adjust the jets, lights, pumps, water temperature, filtration cycle and other features. The treated display glass is waterproof, giving users full control, even with wet fingers.

COLOUR OPTIONS FOR THE ACRYLIC SHELL

Sterling Silver

Midnight Canyon

Brown

Grey

COLOUR OPTIONS FOR THE CABINET

Our cabinets are all fitted with LED lighting systems placed at the two front corners of the spa.

*Please note that model S820 is only available in Sterling Silver acrylic shell and Grey cabinet option.

CHROMATHERAPY

With their numerous LED light points and backlit water jets, SOLSTICE Spas® offer the benefits of chromatherapy, a therapeutic technique that uses light to soothe the body and mind. The controllers are also illuminated for ease of use.

ERGONOMICS

The ergonomic seats perfectly follow the contours of the body and the backrest of the extended lounge seats is at a 90° angle, to help you stay comfortably in place and achieve full relaxation. The jets of our spas are embedded within the shell, for maximum comfort.

PUMPS

The XP2E AQUA-FLO pumps were designed with power and durability in mind. With their high-flow rate, they deliver solid performance as well as high energy efficiency.

INSULATION & STRUCTURE

In addition to providing easy access to the piping system, the cabinet's insulation panels prevent potential heat loss in situations of extreme cold. The radiant heat from the pumps is recovered to foster energy saving.

SOLSTICE

SPAS

SOLSTICE Spas® is a Club Piscine Super Fitness exclusive brand. With their classic and refined lines, SOLSTICE Spas® offer state-of-the-art technology at an affordable price. Designed and manufactured at our factory in Lachute, they are specially designed to withstand Quebec's harsh weather conditions.
